Special Dispatch to The N. Y. Tribune. Washington, Friday, July 3, 1863. The Government has a dispatch from Gen. Meade. dated 3 o'clock yesterday afternoon, and received this morning. Up to 3 o'clock no fighting worth mentioning had taken place yesterday. Gen. Meade intimated that he should not of his own accord bring on a battle before to-day. One of his corps having just come up after a long and fatiguing march, and requiring rest, it would seem therefore that whatever fighting took place yesterday must have been brought on by the enemy.

Gen. Meade says that the troops are in excellent spirits and eager for the battle.

Of Wednesday's battle Gen. Meade says that the The Battle Renewed at Gettysburg enemy greatly outnumbered us on the field, but that our men behaved admirably and that the battle was one of the bardest fought actions of the war. Our troops were finally obliged to relinquish the ground which they conquered in the earlier part of the day, and to take position on the Hights south and west of Gettysburg, which the Robels had succeeded in

Most of our wounded must be in the enemy's hands, but we have taken so many prisoners that the account is fully balanced.

The authorities have the names, as we are in formed, of ten citizens of Carlisle, Pa., who outcopperheaded Copperheads in abasing themselves before the Rebel Gen. Jenkins. They assured him that they were friends to the Southern Confederacy, and begged him to parole them, that they might not be drafted to fight against it. Gen. Jenkins welcomed them to his bosom, but remarked that, since they were such triends to the Southern cause, they were of course willing to fight for it, and actually put some of them into his ranks. Residents of Gestyaburg say that it is situated in a valley scooped out of a ridge of hills which encircle it on three sides, and slope down to a wood on the fourth side.
